The Season of Creation is a time to renew our relationship with our Creator and all creation through repenting, repairing, and rejoicing together. During the Season of Creation, we join our sisters and brothers in the ecumenical family in prayer and action for our common home.

This year, amid crises that have shaken our world, we're awakened to the urgent need to heal our relationships with creation and each other. During the season this year, we enter a time of restoration and hope, a jubilee for our Earth, that requires radically new ways of living with creation.

Key Text:

"The Son of
Man must be
delivered into the
hands of sinful
men, and be
crucified, and the
third day rise
again' "

A true ecological approach always becomes a social approach; it must integrate questions of justice in debates on the environment, so as to hear both the cry of the earth and the cry of the poor
